

EFFECTIVE LIFE VISION

Effective Life Vision is a **Christian & Development Organization** focused on transforming communities through the emergence of an impact generation for **social transformation leading to sustainable development.**

Who We Are?

Effective Life Vision was initiated by the the Centre Evangélique Francophone Arche de l'Alliance - Goma to **promote its vision of community development actions within communities.**

We believe that the church has the mandate and potential to change communities. **Leveraging on Integral Mission approaches, we work with local churches and community-based organizations to steer change from within and grassroots to its full expression.**

EL Vision has existed as a structured organization since 2010 and was officially recognized and registered by DRC Government under Ministerial Order N°024/CAB/ME/MIN/J&GS/2019 of January 11, 2019.

What We believe?

✓ OUR VISION

We want a society where each individual experiences their full potential through improved living conditions.

✓ OUR MISSION

Our mission is to contribute to the emergence of an impact generation for social transformation leading to sustainable development.

✓ OUR VALUES

- Christ Centered
- Excellence
- Social justice
- Innovation
- Compassion

Our Sectors of Intervention

Education
Microfinance
Youth Empowerment
Food Security and Livelihoods
Outreach Ministry

What do we do in relation to our sectoral programmes?

A- Education

■ Groupe Scolaire Jacques-Andre Vernaud (GS JAV)

More than 3,000 children (boys and girls) have been trained and prepared to effective citizenship through a Christian-based education.

■ Goshen International University (GIU) – Project

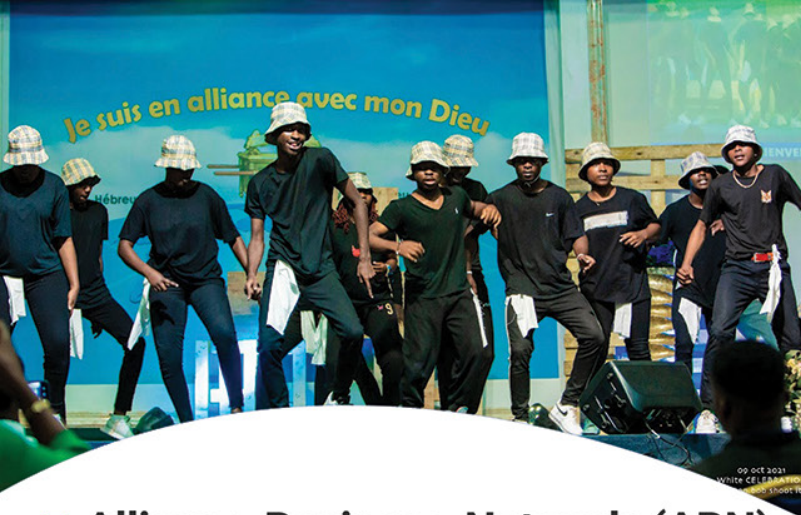

To foster sustainable development in DRC and surrounding regions, we are planning to launch a University of Excellence in the Great Lakes Region with high international standards with specific focus on Education, Sciences, Technologies, Environment and Mechanicals.

B- Youth Empowerment:

■ Forum des Élités de Transformation (FORELIT)

Over 10 past years, more than 30,000 young people from local churches, secondary schools and universities in our intervention zones attended our leadership and changing the mindset programmes.

- **Alliance Business Network (ABN)** was initiated in 2019. It is an Entrepreneur Incubator that runs a unique Entrepreneurship programme dedicated to youth. Since 2019, we have organized several youth-focused conferences and workshops on entrepreneurship and self-employment. More than 600 young people have attended our programmes and 80 young entrepreneurs went through our training, coaching and mentorship program through.

- 30 young entrepreneurs are now selected to receive micro-loans as start-up seed capital.

Joy of God Academy is our Youth Talent Development Program. A specific curriculum is developed to support young people and 100 young people are under training (from Secondary schools and Universities).

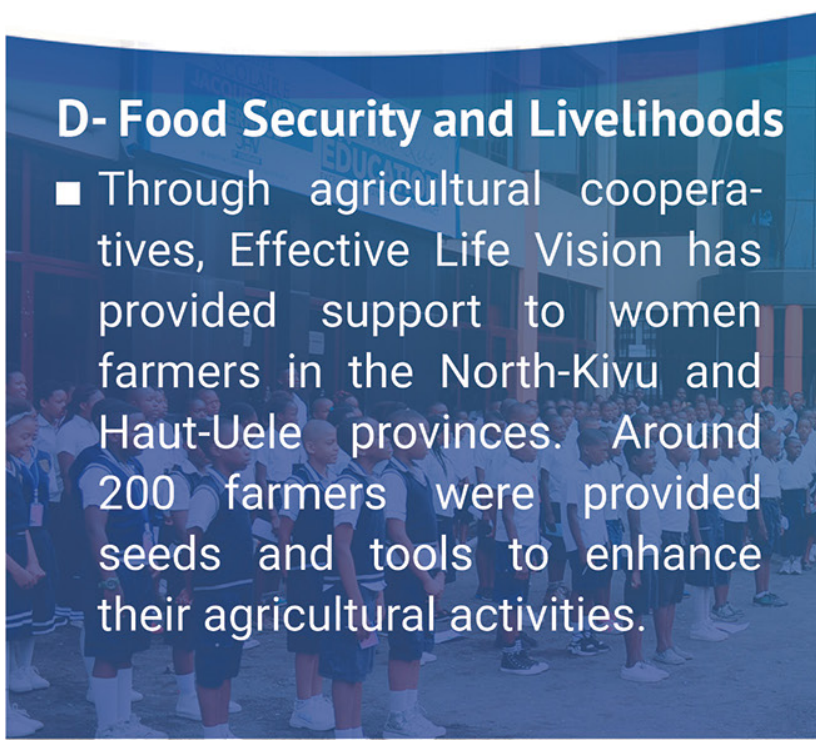

C- Microfinance:

- Poverty is a real issue in DRC. Effective Life Vision is engaged to end poverty through its multifaceted forms. A specific economic empowerment program called “Cooperative Alliance Vie” has been set up as their strategy to tackle the poverty issue.

Over the last six years, more than 3,000 beneficiaries have received individual loans or through solidarity groups to start-up businesses, strengthen existing businesses, support family projects such as building houses and school fees. As of December 2020, the DRC Government recognized the impact of this programme and it was awarded an official registration.

D- Food Security and Livelihoods

- Through agricultural cooperatives, Effective Life Vision has provided support to women farmers in the North-Kivu and Haut-Uele provinces. Around 200 farmers were provided seeds and tools to enhance their agricultural activities.

Our Quality Standards

- Behaviours/Values
- Impartiality & Targeting
- Accountability
- Gender
- Empowerment
- Résilience
- Inclusion and Diversity
